Subject: followup discussion on Dredged Material disposal - EPA
ELIS DSEIS - Executive Summary (CLEAN) (Submitted 07Apr16).pdf

Hi Shavonne,

Thank you for joining us on the call yesterday, we appreciate it! ;-)

As discussed, attached is the summary about the action coming up for the eastern region of LIS which is to designate a dredged material disposal site (new site).

We really would like to have your input by next Wednesday or Thursday.

I would like to propose a followup call Wednesday or Thursday from 8-9? Thanks, Jeannie

Same call in number which is :

617-918-2222; conference code is 71536; press 2; pass code is 123456
